

**SOLD**

## Arends 33

**Price \$72,000**

### Dancing Light is an Arends 33, launched in 1988.

She is a well-proven, comfortable family coastal cruising yacht in immaculate condition, looking for her next adventure.

The 50hp Perkins 4 cylinder naturally aspirated engine with a fixed 2 blade propeller, keeps her making way at a steady 6-6.5 knots, at 1,800 revolutions. At this speed, her 120-litre fuel capacity (at about 2 litres per hour) gives her a range of around 375 nautical miles per tank. The internal layout is a V berth forward plus lockers and head (electric powered, plus shower and basin). A door closes off the main saloon. Amidships there is a dining table to port, with wrap around seating. To starboard is a settee and the dining table has an extension that can extend the table for dining, seating 6 people comfortably. The navigation station/table is to port and the galley to starboard. The galley is fitted with a 3-burner stove with grill and oven, and a large electric fridge. Aft there is a quarter berth to starboard under the cockpit. If all the berths are utilised she can sleep 8, however, 5 is a comfortable number. There is plenty of storage/stowage in a huge port cockpit locker and lazarette aft. There are approximately 330 litres of fresh water storage. On deck features a fixed dodger, Bimini (with a solar panel which will run most of the appliances in the right conditions). She is also fitted with an Autopilot.
